Hi Dana,

I received direction from Orillia to contact you if our blockade occurred and began to get to a point where extra resources may be required. Right now, the blockade has been relatively manageable most of the day. We are currently facing escalations of complete blockages of our main artery to the Ambassador Bridge, which has all but shut down the bridge.

I know your people are very spread out but my ask at this point is if we were to need POU or PLT down here, what would availability be?

Thank you for your assistance,

My cell is [REDACTED] if needed.
